

## Palouse Audubon Grant Application

*The mission of the Palouse Audubon Society is to promote education, conservation, and the restoration of natural ecosystems - focusing on birds, other wildlife, and their habitats - for the benefit of humanity and the earth's biological diversity.*

Palouse Audubon Society has established two grants in the amount of \$500 each. The grants are in support of research fulfilling the chapter's mission statement. One grant is available for a graduate student at Washington State University; the other for a graduate student at the University of Idaho.

Applications must be received by April 15. Awards will be announced at the May Palouse Audubon Program Meeting. There are no restrictions on how the grant money is to be used however, in order for Palouse Audubon to share in the activities supported by the grant and to let the students share some of their findings, we strongly encourage that the recipient present a program on their research results at a future program meeting.

The grant application is available at: <http://www.palouseaudubon.org/business.htm>. Contact Tom Weber, 230 SE South St, Pullman WA 99163-2329, (509) 334-3817, [tweber@roadrunner.com](mailto:tweber@roadrunner.com); or Lavon Frazier, 1620 NW Turner Dr, Pullman WA 99163, [lavon\\_frazier@roadrunner.com](mailto:lavon_frazier@roadrunner.com), (509) 332-7346 for additional information or questions.

Applications are to be mailed to:

Palouse Audubon Society, Grant Application, PO Box 3606, Moscow, ID 83843-1914
